

MAGNETIC CATCH

The magnotica pro E is a magnetic and contactless catch that allows interior doors to be held in a fixed position without the need for a handle or lock. Because there are no moving parts, a door can be closed and opened completely silently. The magnotica pro E is ideal in combination with all argenta pivoting hinges and the argenta® invisidoor door frames. The contactless door closer can be used both vertically (reveal of the door leaf) and horizontally (top of the door leaf) on any type of door frame.

EASE OF USE

Comfort: Magnotica pro E allows doors to open and close quickly, easily and completely silently without any handle or lock

Application: The perfect solution to keep pivot doors in their zero positionlock

BENEFITS

- No moving parts to wear out
